

## END-USER LICENSE AGREEMENT FOR HANDAPPS SOFTWARE

This End User License Agreement ("EULA") is a legal agreement between you (either an individual person or a single legal entity) and the maker, HandApps Software, a Florida corporation located at 12932 SW 133 Ct., Miami, FL 33186 ("HASW"), of the SyncStudio software that accompanies this EULA (collectively, or separately, the "Software"). The Software includes computer software, and may include associated media, printed materials, "online" or electronic documentation, and Internet-based services. The terms of this EULA shall also apply to any applicable updates, supplements, add-ons or Internet-based Services for the Software unless other terms accompany those items. This EULA is valid and grants the end-user license rights ONLY if the Software was obtained directly from HandApps Software or a HandApps Software Partner.

### 1. GRANT OF LICENSE

"Software" means the SyncStudio computer program files and other computer information; related explanatory written materials and files ("Documentation"); and any modified versions and copies of, and upgrades, updates and additions to, such information, provided to you by HandApps Software at any time, to the extent not provided under a separate agreement (collectively, "Updates"). If you obtained the Software from HASW, or a HASW Partner, and as long as you comply with the terms of this Agreement, HASW grants you a non-exclusive license to install and use the Software in the manner and for the purposes described in this Agreement, only for the Defined Term, as further set forth below. "HASW Partner" means an entity that has been given authorization by HASW to sell licenses for the Software, such as an authorized reseller, partner or developer. "Licensee" means the person or entity that obtained the Software and/or on whose behalf it is used. "Defined Term" means a time period, such as one (1) month or one (1) year or Perpetual, that defines the length of the Software license, as defined by the seller at the time of purchase. This Agreement shall apply only to the Software to which the Licensee has obtained a valid license.

After the Defined Term of any version of the Software has expired, if the Licensee has not purchased a license renewal, then the Software (in whole or in part) will cease to operate. You understand and agree that the cessation of the operation of the Software due to an expired license, without the subsequent purchase of an additional license, may cause errors and other problems that could cause system or other failures and data loss. AFTER THE EXPIRATION OF THE TERM OF A LICENSE OF THE SOFTWARE, ACCESS TO ANY FILES OR OUTPUT CREATED WITH SUCH SOFTWARE OR ANY PRODUCT ASSOCIATED WITH SUCH SOFTWARE MAY NOT BE ACCESSIBLE AND THEREFORE IS ENTIRELY AT YOUR OWN RISK

If you are a business, company, or organization, you agree that, no more than once every 12 months, HASW or its authorized representative shall, upon 10 days' prior notice to you, have the right to inspect your records, systems, and facilities to verify that your use of any and all Software is in conformity with your valid licenses from HASW. If a verification discloses that your use is not in conformity with a valid license, you shall immediately obtain valid licenses to bring your use into conformity. If underpaid fees due to lack of valid licenses are in excess of five percent (5%) of the value of the fees paid under this Agreement, then Licensee shall pay such underpaid fees and HASW's reasonable costs of conducting the verification. This section shall survive expiration or termination of this Agreement for a period of two (2) years.

HandApps Software provides two different types of SynStudio licenses: a Developer license, and a Production License, which are described in greater detail below.

#### A. DEVELOPER LICENSE

If you possess a Developer license, then, if you obtained the Software from HASW, or an HASW Partner, and as long as you comply with the terms of this Agreement, HASW grants you a non-exclusive license to install and use the SyncStudio Developer version of the Software on up to five (5) computers, only for the Defined Term. A "computer" means one or more central processing units in a hardware device (including a server) that accepts information in a digital or similar form and manipulates it for a specific result based on a sequence of instructions. A Developer license allows for one instance of the SyncStudio Software to be installed on up to five (5) computers. You agree that the Developer license is limited to three (3) client installs (across all supported client platforms), i.e., the SyncStudio Developer version of the Software only allows synchronization with up to three (3) client computers or devices.

#### B. PRODUCTION LICENSE

If you possess a Production license, then, if you obtained the Software from HASW, or an HASW Partner, and as long as you comply with the terms of this Agreement, HASW grants you a non-exclusive license to install and use the SyncStudio Production version of the Software on one (1) server (unless otherwise stipulated in the purchase invoice), only for the Defined Term. A "server" means a computer designed or configured for access by multiple users through a network. You agree that each separate SQL database that will be serviced by a Production SyncStudio Server version of the Software shall require a separate Production license. You further agree that the Production license will also

contain the number of client computers or devices that are allowed to interface with said instance of the Production SyncStudio Server version of the Software. A “computer” includes mobile devices, such as tablets, laptops, smart-phones and the like.

A single Production Server license allows for one instance of the SyncStudio Server version of the Software to be installed on one (1) server. The total number of instances of the Production SyncStudio Server version of the Software that may be installed on one server at one time may not exceed one. The foregoing does not permit you to install or access (either directly or indirectly) additional instances of the Production SyncStudio Server version of the Software unless additional licenses are purchased for the additional instances of the Software.

The Production Server license, if you obtained the Software from HASW, or an HASW Partner, and as long as you comply with the terms of this Agreement, HASW grants you a non-exclusive license to install and use the SyncStudio Universal Sync Client class libraries (for the specific platform(s) licensed) on up to the number of computers/devices defined in the license, only for the Defined Term.

### **C. SOFTWARE ASSURANCE (MAINTENANCE) AND OTHER SERVICES**

During any Maintenance Period and for the applicable fees, HASW shall provide the Maintenance Services as listed in this Section. The “Maintenance Period” is a twelve (12) month period. The Maintenance Period is required and begins on the date of the first invoice for the Software and ends twelve (12) months thereafter. Each subsequent Maintenance Period is subject to automatic renewal for another twelve (12) months. HASW will bill and Licensee shall pay for Maintenance Services in advance of renewal. Maintenance renewal is required in order to receive updates, fixes, new versions, support and to keep your license active. HASW will provide other Services (other than Maintenance Services) subject to availability and under the terms and conditions, including service rates, as indicated on the applicable ordering document and or proposal and HASW Software Assurance Agreement.

Maintenance Services consist of the following:

- HASW shall make available to Licensee updates to the Software, including Software corrections and enhancements, if and when HASW makes them generally available without charge as part of Maintenance Services for the Software.
- HASW shall respond to communications from Licensee that report software bugs not previously reported to HASW.
- For all Software, HASW’s Software Assurance and Services shall be made available via the Web, email, or telephone.

### **2. BACK-UPS**

You may install and use one copy of the Software on one of your compatible computers (primary computer); and you may install a second, or back-up, copy of the Software for your exclusive use on a second computer, provided that the back-up copy of the Software on the second computer is not used at the same time as the Software on the primary computer. Your back-up copies of the Software cannot be installed or used for other than archival purposes. Licensee may also install copies of the Software in a disaster recovery environment for use solely in disaster recovery and not for production, development, evaluation or testing purposes other than to ensure that the Software is capable of replacing the primary usage of the Software in case of a disaster.

### **3. RESTRICTIONS ON USE**

You may not modify, adapt or translate the Software. You will not reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of the Software.

You may not unbundle or repackage the Software for distribution, transfer or resale.

YOU WILL NOT RENT, LEASE, SELL, SUBLICENSE, ASSIGN OR TRANSFER YOUR RIGHTS IN THE SOFTWARE, OR AUTHORIZE ANY PORTION OF THE SOFTWARE TO BE COPIED ONTO ANOTHER INDIVIDUAL OR LEGAL ENTITY’S COMPUTER EXCEPT AS MAYBE EXPRESSLY PERMITTED HEREIN. You may, however, permanently transfer all your rights to use the Software to another individual or legal entity provided that: (a) you also transfer this agreement, the Software provided by HASW, and all other software bundled, packaged or pre-installed with the Software, including all copies, upgrades, updates and prior versions; (b) you retain no upgrades, updates or copies, including backups and copies stored on a computer; and (c) the receiving party accepts the terms and conditions of this agreement and any other terms and conditions under which you purchased (or received free of charge) a valid license to the Software. Prior to a transfer HASW may require that

you and the receiving party confirm in writing your compliance with this agreement, provide HASW with information about yourselves, and register as end-users of the Software. Please contact HASW's Customer Support Department at [www.SyncStudio.com](http://www.SyncStudio.com) for more information.

Except as expressly authorized under this Agreement or referenced addendum, Licensee is prohibited (without prior approval from HASW) from: (i) using the Software on behalf of third parties (including use of the Software to generate Output Files (see section 5 below) from electronic documents or content provided by third parties when Licensee also distributes or makes available the generated Output Files to the same third parties); (ii) renting, leasing, lending or granting other rights in the Software including rights on a membership or subscription basis; and (iii) providing use of the Software in a computer service business, third party outsourcing facility or service, service bureau arrangement, time sharing basis, or as part of a hosted service.

The Software may be accompanied by Sample Application Code for your use with the Software. You may modify the Sample Application Code solely for the purposes of designing, developing and testing applications developed using the Software; provided, however, you are permitted to copy and distribute the Sample Application Code (modified or unmodified) only if all of the following conditions are met: (1) you distribute the compiled object Sample Application Code with your Output File (see section 5 below); (2) you do not include the Sample Application Code, in source code format, with any Output File; and (3) you do not use the HASW name, logos or other HASW trademarks to market your Output File. You agree to indemnify, hold harmless and defend HASW from and against any loss, damage, claims or lawsuits, including attorney's fees, that arise or result from the use or distribution of your Output File.

#### **4. OWNERSHIP OF INTELLECTUAL PROPERTY**

The Software and any authorized copies that you make are the intellectual property of and are owned by HASW. The Software is licensed, not sold. The structure, organization and code of the Software are the valuable trade secrets and confidential information of HASW.
